

Thank you all for your patience during all of these COVID-19 updates. With USCA's encouragement, the board has made the difficult decision to close Wine Country Curling Club effective today and until March 31st. This includes tonight's Learn-To-Curl, our Sunday league on 3/15, our Tuesday leagues on 3/17, 3/24, 3/31, and The Barrel Bonspiel on 3/27-3/29.

As an arena club renting ice, the board did not come to this decision lightly. We feel it's important to shut down for the safety of our members and the community. We referenced the guidelines provided by the Placer County Public Health, the California Department of Healthy, and the CDC to assist in our decision.

During this time, the board will continue to monitor the situation and will assess whether to reopen in April and May or remain closed which would thus end the winter/spring season. We will update you all further with additional changes as they are made and we ask that members remain patient as we work through this unprecedented situation.

Thanks and good health to you all,  
Katie Feldman  
WCCC President
