Hey everyone. We're working with Skatetown to figure out what sort of schedule makes the most sense for curling this fall. We don't want to be stuck paying for unused ice, but we also don't want to turn people away because we misjudge who wants to play and when. For those unaware, we've implemented safety measures, including wearing masks at all times, only allowing one person to sweep each rock, and starting sheet 2 and 4 at the far end of the ice.

While we were creating our survey for Fall League, MoPac asked us to send out a similar survey about interest in some of their travel bonspiels for the 2020-21 season. Instead of inundating you with many emails, we're putting both surveys here.

The first link is for WCCC Fall League. The second is from MoPac. Bear in mind, these are not sign ups, only a chance for us to gauge how many curlers will be coming back and the best way to accommodate you.

WCCC Fall League:
